## What It Means to Be Buried Here

*Beechworth Public Cemetery is a place where lives are honoured, families are reunited, and memories are preserved.*

Whether through burial in the Lawn Cemetery, interment of ashes in the Memorial Wall or Garden, or placement in a family grave, each choice reflects a deeply personal journey of remembrance.

This is our community cemetery – a sanctuary of peace, a homeland for memory, and a place where every life is worth living and remembering. Now, through Life Chronicle, families can create an online memorial to celebrate their loved one's legacy, keeping their story alive and sharing it with generations to come.

## A Place of History, Reflection & Discovery

*Beechworth Public Cemetery is not only a resting place – it is a living archive of local heritage.*

Registered with the Heritage Council of Victoria, it stands as a rare and intact example of a mid-19th century goldfields cemetery still in use. Visitors and researchers are invited to explore its rich tapestry of stories, from ornate iron gates and granite pillars to the Turkish fountain, twin Chinese burning towers, and the 1883 altar.

The grounds also hold botanical significance, with a diverse collection of landscape plantings that contribute to its status as one of Victoria's finest historical garden cemeteries.

Whether you come to reflect, research, or simply walk among history, Beechworth Public Cemetery offers a unique opportunity to connect with the past and contemplate the lives that shaped this region.
